## DAVENPORT

**Injured in Runaway.**—In a runaway which occurred Wednesday evening at Eighth and Harrison streets, Frank Hartmann, driver for the Hartmann meat market, suffered severe injuries. He was thrown from his seat to the pavement when the horses dashed madly up the street and was knocked unconscious. He remained in this condition for nearly two hours. It is thought that he sustained slight internal injuries. The breaking of a part of the harness caused the team to become unmanageable and before Mr. Hartmann could stop them, he was thrown headlong to the street.

**Settle for Girl's Death.**—Settlement in the sum of \$250 for the death of 11-year-old Berdena Schroder, who was killed beneath the wheels of the Chicago, Rock Island & Pacific train in front of her home, 1213 West Fifth street, several months ago, was made in the district court. The mother, Mrs. Dorthea Schroder, accepts the sum mentioned in full settlement for the loss of her child. The girl was killed while attempting to reach her mother, who was on the other side of the train, and in some manner she got under the wheels and was crushed.

**Better Freight Service to Des Moines.**—Local shippers have at last received a concession from the Rock Island road for which they have been petitioning for several years, better freight service between here and Des Moines. A daily merchandise car for less than carload shipments will be run between these two points, leaving Davenport in the morning and arriving in Des Moines in time for the second morning delivery. This will be a big accommodation to shippers here as nearly all of the merchandise freight is sent in less than carload lots. Up to the present time the smaller lots of merchandise freight sent out from Davenport have first been taken to Silvis, where they were assembled, and then routed back through Davenport. This method occasioned considerable delay. It oftentimes happened that eight days were necessary for a small shipment from here to reach Des Moines.

**Class of 48 to Turnfest.**—Efforts will be made to send 48 representatives to the national turnfest in Denver this summer according to plans of the Davenport Turngesellschaft. The society hopes to send two teams, one composed of 24 actives and the second of 24 members of the ladies class, to

## AFTER MAKING LOVE EIGHT THOUSAND TIMES, WEDS; HER HUBBY THESPIAN, TOO

Kathryn Williams.

Los Angeles, Cal., April 10.—After making love almost 8,000 times in moving pictures, Miss Kathryn Williams, "the California Venus" and leading woman of the company, has become the wife of Frank R. Allen, an actor.

The love affair between Allen and Miss Williams is said to have started when they were playing "opposite" in a drama at the wild animal farm near Eastlake Park. One of the scenes was an extremely dangerous one, in which

Miss Williams had to enter a den of wildcats, while Allen stood outside. As Miss Williams entered the den the beasts set up a long howl, and it was then, so the story runs, that Allen first realized that he loved her. Those were intense moments, Allen says, with the woman he loved inside the den.

Allen is 39 and Miss Williams 28. Though married, they still continue their love making before the camera.

## MOLINE

**Begin Work on Depot.**—Active work on preparing the site for the new Rock Island depot in Moline will be started immediately by Harry Haley, who is employed in this line of work by the railroad. Mr. Haley expects that it will take nine months to complete the \$90,000 depot which is to grace Moline in the course of a year. Active preparations are now being made. In fact one of the Colegrove houses in now on rollers.

**Starts Life of Wrong Doing.**—Leonard Smith, the son of Mr. and Mrs. J. G. Smith, living on Thirteenth street in Silvis, passed a check for \$28.40 on Julius VanQuatern, who conducts a grocery store at 1806 Third avenue in this city, Wednesday night. The act of wrong doing was soon discovered and the parents will likely make a settlement. Smith entered the store in the evening and made a small purchase and handed the check, upon which was the false signature of A. E. Soderstrom, a hardware merchant. Mr. VanQuatern counted out the money and placed it on the counter and then went to the telephone to phone to Mr. Soderstrom, but while all this was taking place Smith picked up the money and left the store. As soon as the storekeeper learned over the phone that the check was worthless he and Mr. Soderstrom notified the police and an effort was made to apprehend Smith. His folks, however, came to his rescue and promised settlement. He also passed a check for \$14 at the lumber office of Dimock, Gould & Co. On March 26 he drew a personal check on the People's Trust & Savings bank of Moline for \$14. The check was taken at the lumber office on a small purchase and the difference paid in cash. The check was returned from Moline marked no funds.

**Build Large Warehouses.**—A. C. Stouffer and Tim Kennedy have departed for Poughkeepsie, N. Y., where they will immediately commence the construction of two mammoth warehouses for the Moline Plow company. The warehouses are to be built for the binder concern which was recently acquired by the Moline Plow company and which has been known as the Adriance-Pratt company. The Moline Plow company expects to have an unusually busy season and to prepare for the future, two large warehouses will be constructed at a cost of approximately \$150,000.

**Landee on Committee.**—Senator Frank A. Landee of this city was named chairman of a subcommittee by the senate education committee to consider the uniform text book bill and to report. Magill, Tossey, Etelson and Shaw are other members of this subcommittee.

**Guest at Burned Hotel.**—A. J. Whalen of Moline was a guest registered at the Hotel Julien in Dubuque Tuesday morning when that historic old Iowa hotel was entirely destroyed by fire, causing damage to the amount of \$500,000. All the guests and employees of the hotel escaped.

**Engage in Reading Marathon.**—Moline is to outdo East Moline's record in entering long ordinances, numbering 138 pages of type written matter. The city to the east passed a measure of 92 pages last Monday night, the reading of it consuming more than three hours. These lengthy documents recall one that was read by the council some 20 years ago when Gustav Swenson was holding for the paving of the entire city. A new state law

**Must You Be Bald?**  
What have you done to stop your hair from falling? Have you tried Revell's "93" Hair Tonic? If not, we want you to try it at our risk.

If you have dandruff, if your hair is falling out and your scalp is not glazed and shiny, if you use Revell's "93" Hair Tonic according to directions for thirty days, and at the end of that time you are not thoroughly satisfied with the results and will tell us so, we will immediately hand back your money. We won't ask you to promise anything. We won't even question you. We will take your word and return your money.

Doesn't it stand to reason that Revell's "93" Hair Tonic must be a mighty good remedy and have given great satisfaction to our customers if we endorse it like this? We know of no similar remedy that is as good. It is because of what Revell's "93" Hair Tonic has done for others that we back it with our own money.

Why suffer scalp and hair trouble or be bald, when Revell's "93" Hair Tonic will remove dandruff, make your scalp comfortable and healthy, promote hair growth and tend to prevent baldness—then we will pay for the treatment should it fail to please you?

We don't obligate you to anything. You simply buy the treatment, use it, and if not pleased, come back to us empty-handed and we will hand back what you paid us. Two sizes, 60c and \$1.00 a bottle. You can buy Revell's "93" Hair Tonic in this community only at our store.

CHICAGO

April 1, 1911.  
Mr. Alfred Uihlein  
Schlitz Brewing Co.  
Milwaukee, Wis.

Dear Sir:  
Answering your favor of recent date in regard to the influence of light on the quality of beer, will say that our observations, extending over the last twenty-five years, have convinced us beyond a doubt that exposure of beer to light has a very detrimental influence on its quality generally, but especially upon the flavor of the beer.

We have tested beers repeatedly in this direction placing the bottles into direct sunlight, and testing the same after one, two, three and five minutes exposure, found that the beer with three and five minutes exposure became undrinkable on account of the peculiar odor developed.

The detrimental effect of light upon beer can be successfully counteracted by the employment of brown or dark colored glass bottles, and such bottles are therefore recommendable.

Yours very truly,

RW/B  
Wahl-Henius Institute  
Extract from letter to Mr. Alfred Uihlein, written by Robert Wahl, President of the Wahl-Henius Institute of Fermentology, Inc., Chicago.

"Beer bottles should be manufactured from reddish-brown glass, inasmuch as same will to a much higher degree than any other kind of glass, minimize the influence of the rays of light on the quality of beer, and will protect the latter against acquiring the disagreeable taste (Sonnengeschmack) due to the chemical action of the light. \*\*

"In white and green glass bottles the beer is most affected by the action of the light. Such bottles are, therefore, absolutely inappropriate and should never be employed by brewers." (Signed) Prof. Dr. F. Schönfeld.

"Bottles of strong glass should be selected. They should never be of colorless glass, inasmuch as through the influence of light the beer will not only take on a disagreeable odor and taste, but will also become turbid." (Linter.)

Extract from Die Malt und Bierbereitung, Published by E. Leyer, Director of the Brewing Academy in Augsburg. Tenth Edition, Stuttgart, 1900, page 600.

"The beer in the white glass bottle had taken on disagreeable odor and taste and was absolutely undrinkable. The beer in the dark bottles did not show this peculiar odor and taste." (G. Beck.)

Translation of Extract from Zeitschrift für das Gesamte Brauwesen, 1882—page 370.

"It is interesting to note the observation that beer in colorless bottles exposed to diffused light will undergo a change, precipitating a heavy sediment and taking on a disagreeable odor and taste."

Extract from Die Theorie und Praxis der Malzbereitung und Bierbrauerei, Published by Dr. F. Schönfeld, Leipzig, 1897. Fourth Edition, page 920.

"It is a known fact that sunlight and daylight influence unfavorably the taste and flavor of the beer and care must be exercised in the selection of the bottles."

## PUTS AN END TO BACKACHE QUICKLY CURES WEAK KIDNEYS

A Few Doses Gives Relief, Helps Lifeless Organs Regain Health, Strength and Activity.

It is useless, dangerous, and unnecessary to be tortured with the digging, twisting pains of backache and rheumatism, or suffer with disagreeable kidney and bladder disorders any longer.

The new discovery, Croxone, provides a remedy which every sufferer can now depend upon to promptly and surely relieve all such misery and bring about a speedy cure.

Croxone cures these troubles because it quickly overcomes the very cause of the disease. It soaks right into the stopped up, inactive kidneys, through the membranes and linings; cleans out the little filtering glands; neutralizes and dissolves the poisonous uric acid and makes the kidneys

filter and sift from the blood all the waste and poisonous matter that clog the system and cause such troubles.

It does not matter whether you have but slight symptoms or the most chronic, aggravated case of kidney, bladder trouble, or rheumatism that it is possible to imagine, for the very principle of Croxone is such that it is practically impossible to take it into the human system without results.

You will find it different from all other remedies. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it, and all the misery and suffering that go with such troubles end.

You can secure an original package of Croxone from any first class drug, list. All druggists are authorized to personally return the purchase price if it fails to give the desired results the very first time you use it.—(Adv.)

about to become effective, provided that before a street could be paved, consent of a majority of property owners must be obtained. Swenson fearing that short sightedness upon the part of certain residents would prevent the city thoroughfares from being bricked, determined upon a radical policy, forcing the paving of every street in the city, regardless of sentiment.

**Banks Show City's Prosperity.**—Reports submitted to the auditor of public accounts on conditions in Moline's five banks Saturday, April 5, reflect unusual prosperity for the community. The total deposits in the five banks on that date amount to \$10,343,242.49 as against \$10,044,504.41 for November 8, of last year. The ten million mark was reached late last year and it has not gone below that figure since. In fact present business outlook indicates that the \$11,000,000 mark will be reached before long.
